## Newsletter 1946

### **GM'S notes**

Hi Everyone,

We did not recognize the Hye Keat description given in the newsletter but we had been clearly told to turn right at the roundabout and as that was crystal clear we set off with confidence and saw the Hash Foot in place to help the bewildered but then we could not find a playground but didn't panic as there were a limited number of roads to try. Luckily for us Anchor Lim passed us and told us to follow him and hence we did arrive at the parking spot. We immediately recognized the playground from runs set from The Family Restaurant. It was good to see that Full Throttle were again going to join us which made the turnout large. There were no actual guests when the circle was called. Ronnie Tour told us that the run would show us a bit of everything and it would be long. We set off and as there were no checks we did not anticipate any problems. The run was good and I had a thorough work out. The location was brilliant by the side of a clean attractive pool which a few dipped into. The food was excellent with the meat being fried on site. We had a small circle and many people stayed socializing until late. Many thanks to Spiky Annie and Ronnie Tour and their co-hares for a wonderful Thursday evening! See you all next Thursday. On on .....

## **Burst**

**Run number: 1945**

**Venue: Hye Keat Estate,**

**Hare/Bunny: Ronnie Tour/Spiky Annie**

**Scribe: Justbeer**

When Alice texted me about wanting to start the run early, I immediately replied 'YES' and we arranged to meet at 5.30pm. Apart from the lone hash foot at the bottom of the road there were no other directions as to where the runsite was! Fortunately we ran into a couple of FTAC guys who showed us the way.

After getting instructions from Spiky Annie about the medium to long run, 5 of us set off only a little early (10 mins) before the rest. The initial 'plastic' grass by the playground was not a pretty sight but we found the way in and started to climb the hill. With Alice (Not My Hair) initially leading the way, Uncle Bee and Akz Hole not far behind, it left DOM and myself huffing and puffing at the back.

We were soon overtaken by a swarm of FTAC hashers followed by the Harriets group. After some more climbing we came upon some red and inviting Rambutans and soon there was a trail of skins to follow (if anyone was behind us! Though I doubted it by this time!). Stopping to catch my breath, I turned around and the spectacular view of the hillside and beyond took my breath away. You could see for miles around! Beautiful!!! I even spotted the Middle Station not far off and thought 'YES. The end is near!' but alas in this I was mistaken as on and upward we plodded. However the views

continued to be impressive and as the lights came on they seemed like tiny jewels in the darkening vista.

At last we reached the top and started the On Down. There was no Rambutan trail here but a clear paper trail led the way. Going down seemed familiar and suddenly DOM said from the back that we are heading for the Rifle Range Flats which meant quite a long trip back to the runsite. As it was dark by then it was time to test out the new head-torch. Lo and behold it was brilliant!! This made me very happy since the further down we got the less the paper trail seemed to be and the barking dogs only added to the confusion.

We finally hit the bottom and geared ourselves up for the long trek back. As we passed the different Hawker stands the smell of food reminded us that we should carry some money in the future. We met Lucas on the way who offered to get us some water or 100 Plus. Thanks Lucas.

We arrived back at the runsite around 8.45pm tired and weary but strangely satisfied that we had **DONE THE RUN!!**

Thank you Ronnie and Spiky for a fantastic and spectacular run and even though the on home was long and not so nice, overall it was a very good run. Thanks!

## ***Funny Stuff!!!!***

In a hospital's Intensive Care Unit, patients always died in the same bed, on Sunday morning, at about 11:00 a.m., regardless of their medical condition. This puzzled the doctors and some even thought it had something to do with the supernatural. No one could solve the mystery as to why the deaths occurred around 11:00 a.m. Sunday, so a worldwide team of experts was assembled to investigate the cause of the incidents.

The next Sunday morning, a few minutes before 11:00 a.m. all of the doctors and nurses nervously waited outside the ward to see for themselves what the terrible phenomenon was all about. Some were holding wooden crosses, prayer books, and other holy objects to ward off the evil spirits. Just when the clock struck 11:00, Pookie Johnson, the part-time Sunday sweeper, entered the ward and.....

unplugged the life support system so he could use the vacuum cleaner!
