## Newsletter 1974

### *GM'S notes*

Hi Everyone,

There were 37 members and 4 guests (Anagi, Olie, Keith and Sue) at Tembaga Falls when the circle was called. Fancy Pants said it was a straight forward run with 3 checks, it was long to medium, but was short near the end! He said it was easy everyone could do it but then said slow runners needed torches. He challenged the front runners to return in 40 minutes.

So off we went up the steps and then straight ahead. Fancy Pants was yelling stay on long strips and Harriets paper and then he gave up and went back to the site. This hill seems to be getting steeper. Sue was bemoaning the fact that 'It is always up!' We were all wishing that we had done a warm up and not just set off but who warms up for hash? The body felt heavier – perhaps the gluttonous Christmas was catching up. We got to the first check.

Obviously, this being a big hill and plenty of it, the trail was going to be up. Some hashers went leftish and some rightish and the latter were lucky as paper was soon spotted. So the climb continued and the check and bar were solved and we struggled to the top.

We then run along the ridge which was so pleasant and then jogged and slid down the hill, ran across the farm land and down by the side of the falls back to the steps and home.

The Indian Temple by the side of us was celebrating its festival so the circle was trying to be as discreet as possible but we had an Indian brother who was out of his mind – either on alcohol or more likely drugs. He was neatly dressed but very noisy. He definitely wanted to be GM. The guys calmed him down and he was no more hassle just amusing.

First on ice was Mini Sausage who celebrated his birthday on Wednesday. Next on ice were Sue and Keith who had been Harriets in the good old days so were returning runners. Olie was called next because he arrived without any gear but to save face had given a double guest fee. Contrition and Horn in Hand were welcomed as new Harriets. Kiss Me was also welcomed. As there were no charges from the floor the Hare, Fancy Pants was called to the ice. The run was deemed very good, the food delicious and the location fantastic.

Many thanks Fancy Pants for a great Thursday evening.

See you all next week. On on.....

All our condolences go out to Edna on the passing of her Mother late last week.

## Story of a Woman who just turned 47

When I was 16, I hoped that one day I would have a boyfriend.

When I was 18, I got a boyfriend, but there was no passion. So I decided I needed a passionate guy with a zest for life.

In college I dated a passionate guy, but he was too emotional. Everything was an emergency. He was a drama queen, cried all the time and threatened suicide. So I decided I needed a guy with stability.

When I was 25, I found a very stable guy but he was boring. He was totally predictable and never got excited about anything. Life became so dull that I decided I needed a guy with some excitement.

When I was 28, I found an exciting guy, but I couldn't keep up with him. He rushed from one thing to another, never settling on anything. He did mad, impetuous things and flirted with everyone he met. He made me miserable as often as happy. He was great fun initially and very energetic, but directionless. So I decided to find a guy with some ambition.

When I turned 31, I found a smart ambitious guy with his feet planted firmly on the ground and married him. He was so ambitious that he divorced me, took everything I owned, and ran off with my best friend.

I am now 47 and am looking for a guy with a big dick!!

**There once lived a king and a queen who ruled a large kingdom. The king was short in vital parts and the queen had to seek solace with every Dick, Tom and Harry.**

**After some time the king grew suspicious of the queen's escapades and wanted to punish the subjects willing to risk their lives for a fling with her.**

**He sought the services of his court magician to help identify the culprits. The magician built an invisible contraption that was attached to the queen's waist. The mechanism was simple, it would slice any elongated object that ventured anywhere within an inch of the queen's waist.**

**Having set his trap the king set off on a hunting trip and returned to his palace after spending a sleepless week and burning with curiosity.**

**Immediately after his arrival he summoned the queen's private bodyguards to his foyer and having dispatched all attendants ordered them to undress. All of them had lost their penises! He next summoned the palace guards and the result was the same. By mid-afternoon he realized that there was not a single male soul in the vicinity who had not made a valiant attempt only to be left peniless (pun).**

**The only man left was his minister and to his surprise the king, on inspection found the only man who had a penis left on him!**

**Pleased with his minister's loyalty he asked him as to what punishment would befit all the others and in reply received only a blubbling sound from the minister's mouth.**
