Run: 2493

Date: 21 November 2019

Hare: Jackpot

Runsite: Bukit Jambul

Whenever the runsite moves from Bee Gallery towards the South part of the Island there is always a drop in numbers attending and this week was no exception. The surprising thing was that FTAC were also running at the same spot!!

Rupiah, No Choice and myself set out to do the run before the normal 6pm start and it turns out so did a number of others. As we started up the slope the FTAC paper came into view. First one, then another and another! A lone long white paper was clipped to the leaves but it was some time before a HHH logo paper was spotted along the FTAC trail which we had taken, there being no other paper to follow in the beginning. I was thinking we were just going to follow the FTAC

Hash House Harriets Penang

laid trail and I wasn't far wrong as both papers followed the same track and our logo paper could be counted on the fingers of one hand it was so sparsely clipped.

The trail was all on track and very pleasant, I having forgotten how green the place is. Suddenly the trail went down and it was the beginning of the "On Down" (ha ha!) which took us right down towards Ketitir and swung back up again. Up and up we went until we saw the sign pointing towards the bottom of the hill. We passed many hikers and very fit people who seemed to effortlessly go up and down the tracks. After an hour and a half we were back at the runsite. At the runsite we waited for the FRBs to be back. Within the hour most were back with the exception of Period, Speedhound and Iceman. By 7.30pm it was pitch dark and the hungry hashers were already queuing for the food. Thankfully, first Iceman and a little later Period and Speedhound appeared and all were back. After some food and drinks we then had the circle.

Thank you to Jackpot for the evening's hosting. For setting his own run albeit a slightly shorter version of the FTAC one, and for the delicious food and for subsidizing the beer and providing whisky as well. We had 19 members and 7 guests who made the evening pretty lively.

Circle

1. Welcome the guests: Grab my Goodies (who used to run in Penang 20 years ago), Puki Merah, Olivia, Period, Ronnie Tour, Nisha and Annie 1 (who also ran with the Harriets 20 years ago).
2. The GM then put Jackpot on ice for giving her back most of the paper she had given to set the run. Hence why not much was seen on the route!!
3. The GM next put an invitee on ice. She had learned that his hash name was Gold Cock and she wanted to see it. Alas for the GM he was somewhat shy!

4. A CFTF by Take Care saw Goodyear next on the ice. TC wanted to know, as Goodyear was the Co-Hare, why they didn't put the papers even further apart than what they did!!

5. Several of the FTAC group stopped by on descending the hill. A couple of Jackpot's friends came back up the hill after changing and we put them on ice, naturally!

6. A CFTF by Goodyear saw Jackpot on ice once more. Apparently they were in Medan about three weeks ago and Jackpot was worrying about his Harriet run even then but didn't bring paper when it mattered.

7. Another CFTF by Goodyear saw both Ronnie Tour and a guest on ice, not only for talking and disrupting the circle but for wearing the same PH3 T-Shirt.

8. Hare on ice. Many thanks to Jackpot for hosting the evening and providing a good run, delicious food and subsidizing the beer and whisky.

What is the difference between a soccer star and a bank robber?

The bank robber goes, "Give me the money or I shoot!"

The soccer star goes, "Give me the money or I don't shoot!"

Dad to his son: "I have nothing against us sharing an opinion, as long as it means that I keep my opinion and you share mine."

A man wants to do a new parachute record: The longest freefall without pulling the rip cord. So he jumps a plane at a huge altitude. His height gauge shows 30 000 feet. He keeps falling.

In a while he checks the gauge again and now it shows 15 000 feet to the ground. A few seconds later it shows 12 000 feet. He continues falling. Now it's only 3 000 feet left. He grips the rip cord firmly in his hand.

At 1 500 feet he is singing in a shaky voice. Only 300 feet left. He waits till the last moment.

Then it's only 150, 120, 90, 60, 30 feet till the ground. The man shrugs: Ah well, whatever. I can handle 30 feet without a parachute.

What do you call an alligator that's wearing a vest?

An investigator.

When I'm bored, I imitate everybody.

But that's no way for an adult to behave.
