Hash House Harriets Penang

GM's Notes

Hi All,

I hope all of you are well and coping with the continued restrictions put upon us. It is better than before but still there are things we cannot do or cannot do as in the past. It seems long ago now that all this started and it was surprising that under the circumstances everyone pulled together and obeyed the rules for our own safety. It was certainly gratifying to see Malaysia do so well in this regard and thankfully we have had a good success rate in keeping the virus at bay. It is a great shame that other more 'allegedly' first World countries didn't do likewise.

I know that you are all longing to get back to Hashing but even though the RoS stated the 30 June, the RMCO also has a bearing on what we can do and that is in place until the 31 August and likely to be extended somewhat I think.

I know that some of you are walking and doing your own things but please do take care not only on health grounds (don't push yourself too hard in the beginning) but also because people have been arrested for breaking the RMCO rules and I'm sure there are some people out there that would love to see the hashers in trouble!

GM's Notes

There is to be a Malaysian Hash Council meeting in KL on the 18th July to discuss various hashing issues as well as pre and post SOP on hashing activities. I'll let you all know what is the outcome.

We have redone again a provisional hareline for when we can restart and will update this as and when information is available. Please have a look and let us know if there are any problems. Currently we have not decided whether to have a Diwali Run or a Christmas run as we need to discuss this with the relevant groups in due course and so these have not yet been scheduled in the list. However the last run of the year will be hosted by the Committee.

In the meantime be careful. Be safe. Be happy.

Hoping to see you all soon.

Just Beer.
